▶ EDUCATION BACKGROUND

YEAR	DEGREE	PLACE OF EDUCATION
2006-2008	Master of Science & Information Technology	Norton University
2002-2006	Bachelor Degree of Computer Science and Engineering	Royal University of Phnom Penh
2002-2004	Associated Degree of English	Institute of Human Resources Development
1999-2002	High School	Santormok High School

▶ WORKING EXPERIENCES

2002-2004 (2 YEARS)

TITLE: IT Trainer @ Association de la Jeunesse Pour l'Animation (AJA)

Time I start to be the university student is the day that I start my professional career also. I am employed as an IT Trainer to teach fundamental computer subjects such as **Microsoft Word**, **Microsoft Excel** and **Microsoft Power Point**... also some design course like **Adobe Photoshop**, **Corel Draw** and **Adobe Illustrator**. A few months later I got a new subject to teach related to Database; the course name is **Microsoft Access**. It's really interesting and joyful to work for this organization because I can help many youth to take their free time to do good thing.

2004-2006 (2 YEARS)

TITLE: IT Trainer @ Information Technology and Electronic Center (ITEC)

Time is running, so does my job. 2 years of exciting and joyful job I've had; now I climb up a step more to a professional training center. This time it's not only an organization that give a few basic IT subjects, but a real IT center providing variety of IT subjects from beginner to advance level such as Microsoft Office, Graphic Design, Video Design, Web Design, Web developer, Database Administrator, ...

2006-2007 (1 YEAR)

TITLE: Web Designer, Web Developer and Web Master @ Web Marketing Development (WMD)

Depending on the previous experience of teaching, I am able to work as a real web developer mostly working on outsourcing the project to international countries mostly in Europe.

List of projects I had done in group and/or individual:

- **<http://www.enceinte.com>**
Website that focuses on helping mother during their pregnancy to get information and consultant.
Technology: PHP & MySQL, phpBB
- **<http://www.onesixthobby.com>**
Website for selling toys online.
Technology: PHP & MySQL, osCommerce CMS Framework, online payment by using PayPal, credit card...
- **<http://www.dermagor.fr>**
Website that focus on promoting cosmetic product.
Technologies: PHP & MySQL, Flash animation ...
- **<http://www.hlc-hotels.com>**
Website that provide booking services for hotel around Europe. They provide each hotel the admin panel to put their room inside the system for booking.
Technologies: PHP & MySQL, online payment by using PayPal, credit card...
- **<http://www.stdomingue.com>**
Website that provides broker services (rent and sale) for any house, building, land ... in Saint-Domingue (was a French colony on the Caribbean island of Hispaniola from 1659 to 1804, when it became the independent nation of Haiti).
Technologies: PHP & MySQL, online payment by using PayPal, credit card...

- **<http://www.angkornationalmuseum.com>**
Museum website located in the Kingdom of Wonder, Cambodia.
Technologies: PHP & MySQL, JavaScript Framework (jQuery, MooTools, Prototype), Flash animation ...
- **<http://www.khmer-announces.com>**
Website that allow you to make deals near your house, in your area or everywhere and every place in Cambodia.
Technologies: PHP & MySQL
- So many more ...

2007-2010 (3 YEARS)

TITLE: IT WEP Training Coordinator @ Center for Information System Training (CIST)

Coming back to be a teacher again, but carry with me a lot of experience of development to transfer that knowledge to the under privileged students coming from the most poor region in Cambodia. CIST provides 2 year program of SNA (System Network Administrator) and WEP (Web Programming) to those disadvantaged young people in Cambodia to access the digital opportunities (see their website <http://www.cistrain.org> for more detail) By leading the 1st promotion (22 students) to get the job 100% 1 month after graduated and 2nd promotion (24 students) to get the job 100% 1month after graduated. That is quite interesting and challenge job for me. I really appreciated what I had done and thank a lot for this organization to give me these opportunities.

JAN 2011-CURRENT

TITLE: Project Manager

Noting much to say because just starting, many interesting web application projects hold in my hand right now, I commit to do it my best with the team ...

COMPUTER SKILLS
